

QBIT

PREPARING YOUR GB QBIT FOR MAIL-IN RETURN AND REPLACEMENT

1. Find a pair of sturdy household scissors.
2. Cut the recline strap on both sides of the stroller.
3. Pull out the recline strap and adjustment buckle from the back of the stroller.
4. Set the recline strap and adjustment buckle aside.
5. Locate the warning label on side of the seat.

6. Cut underneath the warning label along the side of the stroller -- all the way to the top of the stroller.
7. Make a cut 5-6 inches above the warning label and continue cutting along the edge of the fabric until you reach the top of the stroller.
8. Make the same cuts described in Steps 6 and 7 on the other side of the seat, meeting at the top of the stroller. When you finish cutting, you will have one long fabric swatch, including the warning label.
9. Wrap the recline strap and adjustment buckle in the fabric swatch and place them in the prepaid return shipping envelope.
10. Complete the mail-in return form with your name, email address and confirmation number (WEB-EFRXX-XXXXXXXXXX), and place the form in the return shipping envelope.
11. Mail your return shipping envelope to us via the U.S.P.S.
12. Once your return is received by Aria Child, your replacement Qbit LTE stroller should arrive in 1-2 weeks.
